Index Methodology

Eligibility Criteria for Selection of Constituent Stocks:
i. Nifty 500 constituents representing Financial Services such as banks, financial institutions, housing finance and other financial services etc. are considered eligible.
ii. Within eligible universe, weights of each subsector based on average free float market capitalization is calculated.
iii. Selection of 20 companies from each sub-sector is made in such a manner that weightage of selected constituents closely matches with the weightage of the sub-sector as explained earlier.
iv. A preference within each sub-sector is given to companies that are available for trading in NSE's Futures & Options segment.
v. Companies will be included if average free-float market capitalisation is 1.5 times the average free-float market capitalization of the smallest index constituent.
vi. Weightage of each stock in the index is calculated based on its free-float market capitalization such that Top 3 stock's weights are capped at 19%, 14% and 10% respectively. For stocks other than Top 3 stocks, individual weights will be lower than those of higher weighted index constituents.
vii. Non-F&O stocks shall be individually capped at 4.5%. Cumulative weight of all non-F&O stocks shall be capped at 10%.

Index Re-Balancing:
Index is re-balanced on semi-annual basis. The cut-off date is January 31 and July 31 of each year, i.e. For semi-annual review of indices, average data for six months ending the cut-off date is considered. Four weeks prior notice is given to market from the date of change.

Index Governance:
A professional team manages all NSE indices. There is a three-tier governance structure comprising the Board of Directors of NSE Indices Limited, the Index Advisory Committee (Equity) and the Index Maintenance Sub-Committee.
